The ROCK Trophy: Europe's Missing Extreme Event, The Dream Of Every Tough Offroader Is Finally Here!

In April 2025, we will kick off a new exciting project that will take extreme enthusiasts to offroad heaven with one of the wildest, challenging, most adventurous and spectacular events on the RBI Sport calendar: The ROCK Trophy in Romania.

This unique event fills a void in the European offroad scene, carrying traditions and spirit of the trophies back in the days and offering relentless challenges of endurance and skills on rugged terrain combined with complex intelligent navigation. Exclusively reserved for extreme and trophy racing vehicles The Rock challenges everyone who dares to take a place on the start line. The separation of the cars in classes according to their technical capabilities balances the competition factor and creates fair environment to race among equals, offering everyone the chance to fight for the victory in his class.

The ROCK is meant to become the home of ALL tough and passionate offroaders and not only to the high-tech combat machines. A special attention is dedicated to the competitors with modified production cars like a Defender, G-Wagon, Wrangler, Patrol, Landcruiser, Pinzgauer, Samurai, etc. who marked the beginning of the offroad sport more than thirty years ago and who are the guardians of the true spirit of adventure and team work. A special class with special rally routes and special rally program is the least what we as organizer can offer these competitors. And their class will proudly carry the name The LEGENDS.

Alex, the RBI Sport CEO: “My heart starts beating fast when I think of how I stepped into the offroad sport. These memories are so stunning and alive even if many years have passed. The trophies back at that time forged me as a fighter, as an adventurer but also as a fair team player. The offroad reveals these priceless personal values that one can hardly know if living a calm and decent life. The extreme grew in me confidence, respect and gratitude and it has become my philosophy and my family. The ROCK is not only a competition, it’s a home.”

Get ready for an adrenaline-pumping adventure like no other, a challenge not only mechanical but also human through the breathtaking and colorful landscapes of Romania. The routes, studied in the smallest details, blend classic trophy elements with innovative features, promising an unparalleled racing experience. At the heart of The ROCK is our focus on the highest quality of the competition. With affordable entry fees and a bivouac equipped to meet all needs, the event also provides comfort to those who prefer to stay in a hotel.

Advanced tracking systems and stringent safety measures will ensure that the race remains both thrilling and fair, so competitors can push themselves to the edge with confidence.

With deep roots in trophy history, RBI Sport invites all extreme offroad enthusiasts to be part of this extraordinary adventure, a true celebration of the offroad spirit. Registrations open in October, so now is the time to secure your place in this landmark event. Supported by the biggest names in off-road racing and the Automobile Federation of Romania, with its rich tradition in trophy events, The ROCK is set to become the pinnacle of offroad event in Europe, offering an unparalleled blend of tradition, innovation, and sheer extreme challenge.

Jim Marsden

I am Jim Marsden. I am here today to talk to you about The ROCK. The Rock is the new event of RBI. It is a trophy raid event and it will be held in Romania in April next year. It is a pure extreme class Extravaganza. Think big tires, think big engines, think big winches. RBI are dreaming up something incredibly special and I can’t wait to be there. So, April next year The Rock. Be there!

Françoise and Frank

Why we support The ROCK Trophy: “We love extreme class: it’s the most demanding class for people and machine and it brings much more self-satisfaction when you achieve to overcome the multiple obstacles that you find on the track. We love the terrain of Romania: there is no such place in the world where we can feel so close to nature, feel so free to drive in the woods and face those enormous challenges while doing so. Romania is a real paradise for off-roaders. Having an extreme class only event in Romania is just the perfect dream for every one like us: purpose made tracks, dedicated orga people, dedicated media, the top quality of RBI roadbooks, the perfect RBI camp, what else would you dare to ask for??? Don’t hesitate a second, this is the perfect race for you!”

Gilles Girousse

Après avoir créé et organisé pendant 10 ans le fameux Xtrem challenge France le team Aventure Girousse avec ses 27 participations au Breslaw Pologne sera évidemment de la partie et évidemment présent avec les meilleurs teams français pour ce nouveau challenge international Roumanie. Notre équipe sera partenaire de l'organisation RBI et pour la même occasion peut s'occuper de quelques transports France Roumanie. Notre connaissance des rallyes Xtrem, notre motivation à partager notre passion avec Alexandre Kovatchev pour de grands moments et surtout nous le remercions de nous créer encore un rallye exceptionnel.

“I have participated in the RBI events 9 times already. The upcoming event, The ROCK, will mark my 10th participation, a sort of anniversary for me. I am really excited to see what RBI has prepared for us, as I noticed there is only an EXTREME category. I am sure it will be an incredible experience in the beautiful Romanian forest. See you all there!”

The Epic Return of Baja Europe: A New Event With Old Tradition!

For all cross-country competitors who have long missed the iconic Baja Deutschland, 2025 will mark the triumphant return of this beloved tradition with the second edition of Baja Europe. With its unique race format of separate runs of bikes and quads in the morning and SSVs, cars and trucks in the afternoon The BAJA will continue the legacy of being the “must attend event” for racers from all around Europe. For many it will be the first competition after the winter brake and for sure it’ll offer a great opportunity for testing and training for the ones who plan to run for the Breslau or the FIA European Bajas.

And where better to host this thrilling event than in Zagan, the true off-road capital of Europe? From May 1st to 4th, 2025, the Mayor of Zagan and RBI Sport invite all cross-country lovers to immerse themselves in the adrenaline-pumping action of Baja Europe. Welcome back!

Zagan’s reputation as a premier destination for offroad racing is legendary, with a rich history of hosting some of the most exciting events in the sport. Perfectly timed with several holidays, participants and their families can look forward to an exhilarating long weekend filled with racing, adventure, and camaraderie. For those eager to conquer the legendary tracks of Rallye Breslau, this is your chance to explore these iconic routes like never before.

More details about this extraordinary event are coming soon. So, get your vehicles ready and join us for a weekend of thrilling competition and unforgettable moments with fellow enthusiasts! The waiting for a spectacular and affordable race is over. It’s Baja Time!

The Legend lives on

Rallye Breslau: New Rally Stages And A Long Hannibal

The 30th edition of the Rallye Breslau was something completely extraordinary. Alexander Kovatchev kept his initial promises, giving everyone the best Rallye Breslau ever.

Since 1995, the year of the first München-Breslau, the event has written the history of European offroad sports. This legendary race, born with few rules and a lot of passion for impossible challenges, has evolved over the years without ever forgetting its origins and losing the spirit that made it a legend.

Traditionally, the Rallye Breslau will take place in the last week of June 2025 in Poland. The program will include a prologue and five full days of competition from June 22nd to 27th.

At a time when restrictions on motorsports are increasing, the long history of RBI Sport, appreciated by local authorities for its high professionalism and attention to the territory, allows us to open new paths with innovative elements that will provide new emotions and unforgettable experiences.

Joining forces with the local authorities we develop the idea, that many hold for impossible, to turn the historic Hannibal tank road to a real marathon special stage from Zagan to Drawsko. Can you imagine what this means, such a long one-directional route in the heart of Europe? We will go for it because we believe in miracles.

“The change means development” motivated us not only to think out of the box but to break its borders. For the first time in its 30-year old history, the Breslau is planned to finish at the shore of the Baltic Sea, offering a unique and unforgettable finale where the land ends in the north.

The Breslau is not just a rally, it is an offroad community and family. New for 2025 will be the interactive online platform for communication between teams, where competitors can exchange information, seek assistance, find navigators and organize transportation options to optimize their costs. This platform will help you enjoy your favourite hobby more efficiently.

Fenix Rally: New Stages In The Mystic South Of Tunisia

The fifth edition of the Fenix Rally in Tunisia promises an impressive journey, combining the adrenaline of a competition with the breathtaking beauty of the unique landscapes of North Africa.

In collaboration with the local authorities, we are working on a route that highlights the incredible diversity of Tunisia and shows the magical dunes in the southern part of the country, where legendary rallies such as Optic 2000, Rallye de Tunisie and the Dakar have left their mark.

The rally will start with a prologue, followed by seven adventurous stages that will take you through challenging desert terrain, sand, dunes and gravel tracks. The dedicated rest day in the middle of the week will give competitors more time to catch their breath from the race and enjoy the weather by socialising.

Get ready to conquer the desert at the end of October/beginning of November. These new dates will give us warm and stable weather conditions without wind. Another good reason to move the Fenix towards the end of the year is the better balance in the whole event calendar, leaving more time between the long events Breslau and Fenix. Last but not least, when the weather in Europe has become cold and rainy, everybody starts dreaming of a south escape to warm bodies and senses. There isn't a better one than to walk bare feet on the warm Sahara sand after a great special stage in the dunes.

The Fenix Rally is suitable for any team looking to compete in one of the following categories:

Motorcycle/Enduro, ATV/Quad, Side-by-Side, Car or Truck in the most beautiful terrain Sahara has to offer. This rally is designed for adventurers looking for the perfect mix of excitement and endurance. The event is also ideal for those preparing for the Dakar, offering a unique opportunity to train on similar terrain and test their mettle against the elements. The Fenix Rally is set to captivate with its new routes and unexplored territories. Imagine racing through vast deserts, navigating majestic dunes and experiencing the wild beauty of southern Tunisia.

Our commitment to creating an unforgettable experience extends beyond the tracks. The Fenix Rally will offer enhanced support services, ensuring all participants have the resources they need for a successful race.

Join us as we unveil new routes and reignite the magic of legendary rallies. This is your chance to be part of something truly special. As we prepare for the exciting 2025 rally season, we are excited to share these incredible opportunities to race the various elements, to explore beautiful countries and to connect with brothers-in-arms.

From the unique The ROCK Trophy in the offroad paradise of Romania and the highly anticipated return of Baja Europe in Zagan, to the innovative finish line of Rallye Breslau by the sea and the impressive Fenix Rally through the breathtaking landscapes of Tunisia, this season is set to provide unforgettable experiences. Stay tuned for more updates and prepare for a year of adventures that will test your limits and create lasting memories.

We can't wait to see you on the starting line!
