**WELCOME ▸**

## **The Rock Trophy 2025**

Welcome to the most spectacular and high-adrenaline off-road competition in Europe alongside the biggest names in this motorsport!

This event is a test of grit, strategy, and raw power. Set against the breathtaking landscapes of Romania, The Rock Trophy carves its path through extreme terrains, daring you to push beyond your limits.

## HIGHLIGHTS ▸

### Exclusive Highlights

- ✓ 6 intense days of competition - from rocky ravines to high-speed forest trails.
- ✓ A spectacular prologue in an epic stone quarry
- ✓ Circle Race & Night Stage
- ✓ Bivouac in the heart of Geoagiu Băi
- ✓ Comfortable hotels right next to the service park
- ✓ Helicopter assistance and professional teams
- ✓ A friendly atmosphere and an amazing international community
- ✓ Open for Cars and SSVs

## LOCATION ▶

### Geoagiu Băi

The epicentre of this amazing event will be Geoagiu Bai, a spa resort in Hunedoara County, Romania, known for its thermal waters, ancient Roman baths, and scenic landscapes. It offers wellness treatments, historical sites like the Roman Baths of Germisara, and natural attractions such as Clocota Waterfall.

The service park of The Rock Trophy will be located in this area, providing a great mix of relaxation and adventure.

## Saturday, April 5 GEAR UP

Bivouac opens at Geoagiu Bai.  
Administrative check & Scrutineering.

Meet the competitors, explore the bivouac, and get a first taste of the atmosphere.

## Sunday, April 6 PROLOGUE: BATTLE BEGINS

The day will start with the Administrative check & Scrutineering, followed by the Driver's briefing and IRIS system training.

In the afternoon the competition officially kicks off in an amazing granite quarry.

All classes will battle on rocky, uneven terrain to secure the best starting positions.

## **Monday, April 7** **COSTESTI**

Competitors set off from Costesti, a region known for its rugged landscapes and extreme off-road potential – the perfect playground for the Extreme Class. Expect relentless technical sections, where driver skill and co-driver navigation must work in perfect harmony.

Rocky river crossings, deep ravines, climbs and unpredictable terrain will challenge every move.

## Tuesday, April 8 GEOAGIU BAI

A day filled with a perfect balance between high-speed sections, extreme challenges and demanding off-road navigation.

Twisting forest roads lead to breathtaking hilltop views, rewarding those who dare to push forward.

Navigation is key—misjudgements can lead to costly detours, putting positions at risk.

## Wednesday, April 9 DOUBLE CHALLENGE

### Circle Race in Poienile Beriului:

A thrilling multi-lap showdown where precision and raw power collide. The day will begin with special and spectacular start. Spectators will witness close battles, with teams pushing their vehicles to the limit in a high-energy display of skill. Food vans and other facilities will be available, ensuring that everyone can enjoy the show until the end.

## Wednesday, April 9 DOUBLE CHALLENGE

### Night Stage in Geoagiu Bai:

A race against darkness, where visibility is limited, and instincts take over.

Only the most focused and adaptable will conquer this stage without mistakes.

## Thursday, April 10 BACK TO COSTESTI

Another day in Costesti's unforgiving terrain, where extreme obstacles await. Steep climbs, treacherous descents, and unpredictable natural barriers will test endurance. This stage will reward quick decision-making, expert winching techniques, and seamless teamwork with your copilot. It's all about precision, strategy, and speed!

## **Friday, April 11** **THE FINAL PUSH**

The final day begins! A fresh route brings the ultimate challenge—new tracks, new opportunities. Navigation plays the lead role, with competitors needing to balance speed with pinpoint accuracy.

Keep your focus on the navigation device; while the path ahead demands your attention, the nature surrounding you is sure to steal your gaze.

## For the Legends Route

This is a specialized, dedicated path that stands apart from the other classes, offering unique challenges. Participants will face a distinctive set of obstacles designed to test their skills.

Additional information and specific details about this route will be provided soon.
